Rochester Gears Up For Fourth Annual Fair

The buzz is in the air!

That's likely either the sound of chainsaws starting or tractors revving up for the **Fourth Annual Rochester Country Fair**, to take place this weekend: **August 21-24**.

A weekend filled with events will include the **Annual Senior Picnic**, to be held on Thursday, August 21 at 12:00 noon in Plumb Corner under a tent.

One of the fair's most popular events continues to be the **Woodsmen Show**, which will "rev up" on Friday, August 22 at 5:00 pm at Plumb Corner. Participants are asked to arrive at 4:00 pm and the event will include competitions for chainsaw, chopping, axe-throwing, two-person cross cut, log rolling, bow sawing, disc stacking, and spring board. This event is rain or shine and is sponsored by Faustino and Sons and Gurney's Saw Mill.

A busy slate of events for Saturday, August 23 kicks off with

the all-day **Tractor Show** and **Antique Tractor Pull** (followed by a **Tractor Parade**) at 10:30 am.

Tractor collectors and local farmers have been getting ready for the fair by painting, buffing and fine-tuning their favorite tractors. Last year the fair inspired many locals to fix up their tractors. Jack Faustino painted his Ford 8N for the occasion. Members of the Rochester

On the cover: The historic Rochester Town Hall in the town center across from the Plumb Corner Mall will be a focal point this weekend as residents gear up for the Fourth Annual Rochester Country Fair. Among the many outdoor events slated for the weekend: the Annual Senior Picnic on Thursday, August 21 at 12:00 noon; the Woodsmen Show on Friday, August 22 at 5:00 pm; the Tractor Show and Parade on Saturday, August 23 at 10:30 am; the Rochester Land Trust Pig Roast on Saturday, August 23 at 6:00 pm; the Bon Fire at dusk and Block Dance featuring The Relics at 8:00 pm on Saturday night; and the Country Fair Parade on Sunday, August 24 at 10:45 am. Cubette's, Mary Bessey, Julie Koczera, and Carol Grime, each displayed their Farmall Cubs with a fresh coat of paint for the tractor show and parade.

This year Bruce Thompson of Fall River fine-tuned his Cockshutt for the Antique Tractor Pull. Last year Mr. Thompson placed second in the event's 5,000-pound weight class. Ed Bessey of Rochester restored a 1940 RC Allis Chalmers which everyone hopes to see on the fair grounds this year.

At 11:00 am on Saturday, a **Judged Bicycle Parade** will take place with categories including Most Original, Most Colorful, Best of Show, and Best Theme ("Life on the American Farm"). There were a lot of creative minds last year and anticipation is high to see more decorated bikes again this year.

At 12:00 noon, **World Champion Bicycle Stunt Rider Chris Poulos** will entertain fair attendees, sponsored by the Rochester Police Department. Mr. Poulos will be performing his EXTREME stunts and you won't want to miss this event! Chris has been featured in events promoting ESPN X-Games and NBC Gravity Games, and has appeared in hundreds of television programs, commercials, newspapers, and magazine articles worldwide. He has the ability and experience to educate and convey safety, teamwork and other positive messages as he entertains. Chris Poulos will be performing at the Plumb Corner Mall behind Mayflower Bank starting at 12:00 noon.

Booths set up during the event. Thanks to the help of Rochester Dog Officer Alex Wheeler, spectators will see demonstrations in agility, obedience, and sheep herding beginning at 1:00 pm.

Not sure what type of dog is right for you? Perhaps the Doberman Rescue Unlimited, Inc. Breemor Westies of High Grove Hill's Doggie Bed and Biscuit Resort can help you decide. While it is requested that the public not bring their own pets, they are welcome to bring themselves and their family to enjoy some old-fashioned fun at the Rochester Country Fair.

A **Garden Tractor Pull** will take place at 1:00 pm, followed by the **Yo! Joe! What a Guy Magic Variety Show** from 1:30 to 2:30 pm. This entertaining magic show is supported, in part, by a grant from the Rochester Cultural Council, a local agency supported by the Massachusetts Cultural Council, a state agency.

At 2:30 pm there will be a **Plymouth County Sheriff's Department K-9 Demonstration**, followed by **Hip Hop Dancing** at 3:30 pm.

The Rochester Country Fair will also continue in its old-fashioned tradition by providing **Tractor-Drawn Wagon Rides** to the fair grounds. Unlike previous years, there will be *no parking on the fair grounds*. Parking will be relocated to the Dexter Lane ball field and Mary's Pond ball field. The adventurous can enjoy the comfort of hay-bale seats. Otherwise, you can sit in the comfort of Tremblay's Bus Company Shuttle Service.

Transportation will be available from 10:00 am to 7:00 pm on Saturday and 1:00 to 5:00 pm on Sunday during the fair. Handicapped parking will be available at Plumb Corner Mall.

Complete and updated Rochester Country Fair information is available on the web at **www.rochesterma.com**.

Oldies But Goodies

The Relics Rely on Rock 'N' Roll

By Kenneth J. Souza

Rochester's Ken Daggett knows it's only rock 'n' roll ... but he likes it.

For the past 12 years he's found a comfortable niche playing guitar alongside drummer and fellow Rochester resident (and sitting Selectman) Gary Laboa, and bassist Wayne Kilanowich of New Bedford in the trio known as The Relics. The band has developed quite a local following and can often be found playing at area events and private parties throughout the SouthCoast area. This weekend — for the fourth time since its inception — they'll close out the Saturday night portion of the Annual Rochester Country Fair by providing entertainment during the Bon Fire and Block Dance from 7:00 to 11:00 pm.

The current line-up originally began as a country-western band known as One Night Stand; but when the whole country line-dancing craze petered out, Mr.

Daggett said the band reverted to their rock 'n' roll roots.

"Probably about six years ago (we changed over)," Mr. Daggett said. "We were looking for more clubs to play and the country market was drying up ... there was always a lot more (call) for classic rock and oldies. We call ourselves an oldies band — we do a couple of current tunes, but we're primarily do '50s, '60s and '70s music."

Although each member of the trio has been in various bands over the years, Mr. Daggett said the most important thing is to find bandmates who can get along and don't clash.

"The hardest part about being in a band is finding two or three other guys that you don't want to kill after 30 days, you know," Mr. Daggett said. "That's it in a nutshell. Gary, Wayne and I just click. There's never been a bad word between us, there's no egos, there's no leader in the band. We all have our function — it just works. We all assume individual roles."

Mr. Daggett admitted he can see himself playing music for years to come, as long as it remains a part-time hobby. "If it becomes a job, we don't want to do it," he said. "We all have (day) jobs, we don't want another one. If it stops being fun, we don't want to do it anymore. As long as we're having a good time, we'll keep doing it ... or (at least) until we can't carry the equipment anymore!"

In addition to The Relics' performance on Saturday at the Rochester Country Fair, be sure to catch The Buffalo Gals from 10:00 am to 1:00 pm and Flashback from 2:00 to 6:00 pm.

Bouchard incident. To that end, they met with Mark Rasmussen of the Coalition for Buzzards Bay (CBB) at 7:10 pm for an update on oil spill prevention and proposed legislation to require double-hulled vessels in Buzzards Bay waters.

"We've been visiting all of Marion's beaches as part of the cleanup process," Mr. Rasmussen said. "I'd encourage any residents who encounters oil slicks (or product) in Marion to contact the current command center at the Mattapoisett Fire Department. That command center is slated to be closed soon."

As for double hulls, Mr. Rasmussen noted that on the national level, about two-thirds of commercial oil fleets have been converted to double-hulled vessels. He

said the barge owned by Bouchard Oil Company that dumped gallons into Buzzards Bay recently was scheduled to be phased out in 2005.

"The company is about one-third of the way there, so they're behind the industry," Mr. Rasmussen said. "Bouchard only sent 14 percent of its (double-hulled) ships (through Buzzards Bay) ... and about 19 percent of all the ships going through Buzzards Bay are double hulled."

Mr. Rasmussen said there is a bill pending in the legislature to accelerate the number of double-hulled vessels by 2007, which is being sponsored by Congressmen Barney Frank and William Dellahunt. "It is not being received very well in Congress," he admitted. "Nationally, it's going to be very hard to move an oil industry opposed bill through Congress. It's chances are iffy."

But Mr. Rasmussen said there are efforts both on the state and local levels to avoid a similar catastrophe in the future. First, he said the Coast Guard is looking at ways of enforcing stricter navigational requirements, including a tracking system on all commercial vessels.

"A lot of what's driving (the effort is) the fact that we only get 19 percent (double-hulled vessels) when the average is 66 percent nationally," Mr. Rasmussen said. "Massachusetts clients aren't requiring (double hulls). This idea of market pressure and getting the receivers involved in the fix is also being looked at."

As for stricter pilot requirements, Mr. Rasmussen said House Bill 1541 is also pending on its third attempt through the legislature. This bill, if passed, would require pilots to have a local knowledge and familiarity with Buzzards Bay waters before being allowed to navigate such commercial vessels. "Everyone supported it except for one key representative holding up this bill: Robert Deleo of Winthrop," he said.

Mr. Rasmussen added that State Senator Mark Montigny of New Bedford has also filed a bill increasing penalties for violations and allowing the state to "not do business with companies which have been fined in the past," he said.

"When you're talking about legislation and letter-writing ... hoping for change five or six years down the road, are we really going to see anything (come of this)?"

**From the desk of
Edward J. Haggerty Sr.**

In the aftermath of the World Trade Center Tragedy of September 11, 2001 many of our clients have been inquiring about their Life Insurance and Travel Accidental Death & Dismemberment policies which cover the client and/or family members 24 hours a day, seven days a week. Questions such as "am I adequately covered", or "how much life insurance do I really need" or "can I just cover my mortgage", are not uncommon. It became very clear that we must search for policies that fit many individual circumstances.

Integrated Solutions is committed to finding policies that fits the individuals wants and needs. For example, there is an Accidental Death & Dismemberment policy that offers a \$3,000 benefit at "no cost" to persons age 18 and older with guaranteed acceptance and no health question, no occupation questions, no medical exam, no questions about hazardous avocation or hobbies. Addition low cost protection is available up to \$250,000 Also, a Family Plan is available to provide additional levels of protection.

Term Life Insurance policies come with a great variety of features such as number of years the premium is paid (with and without guarantees) death benefits that are level or decreasing (with or without guarantees). For example, age 0 to 25, there is a policy that provides a \$20,000 level death benefit at a premium of \$50.00 a year or a policy with a level death benefit of \$10,000 for \$25.00 a year. Both benefit and premium is guaranteed. At age 28, this protection can be converted to a permanent insurance policy. In addition to converting your protection at age 28, you'll have the opportunity to add further coverage of \$10,000 or \$20,000 by applying again at ages 31 and 34 *without proof of Insurability*. You can accumulate up to **\$60,000 of life insurance coverage**.

There are hundreds of life insurance companies that offer term insurance and many ways to apply for these policies. For example, radio, television, internet, newspapers, magazines and daily we are barraged by direct mail and telemarketers. Many consumers are disturbed to find out they don't qualify for the lowest term rates. The *Integrated Solutions* team has the experience, knowledge and resources to assist each individual and collects information needed to search for the right benefits: gearing benefits to specific needs at the right price.

Over the last ten years, the consumer has taken charge of the term life insurance marketplace by demanding low rates. This has caused a spiraling downward trend in rates by carrier after carrier. Hence, anyone who owns a term policy that is more then a year old needs to consult with a life insurance professional.

There are new concepts for term insurance buyers that give guaranteed premiums, guaranteed level death benefits (10, 15, 20, 25 and 30 year) periods of coverage. The newest term life policy offers 15, 20 and 30 year coverage with guaranteed benefit, guaranteed premium and guaranteed return of all premiums paid at the end of the benefit period.

asked Selectman Bryant. "I want to support it, but I just want to make sure we're doing what we can to make sure there's real change."

Mr. Rasmussen said he's confident that at least some of these efforts will affect change and help prevent such a widespread oil spill in the future.

At 7:30 pm the board met with the members of the Marine Resource Commission (MRC) and Harbormaster Charles Bradley to discuss the responsibilities of the MRC and Harbormaster. Chairman Jeffrey said they wanted to meet with both the MRC and Harbormaster annually to prioritize various harbor and waterfront projects.

"We agree with the (proposed) responsibilities ... I think we're all on the same page," said MRC member Eivind Strand.

"I guess on the commercial moorings (issue), I know we're breaking new ground," said Chairman Jeffrey. "We at least need to look at alternatives and decide whether we want to do anything or not. I think it's time to move on now that we've come to a consensus on the responsibilities."

"I certainly applaud the work that's been done in setting up the role of the Harbormaster with the MRC," said Selectmen Pierce.

"(The harbor) is our number-one resource," Selectman Bryant added. "Some people think we have too many moorings out there, but I think the opposite. If we can safely add more moorings, people are crying for access to the water. Those are the kinds of things we need to see on paper in the next 12 to 24 months. I think it's the number one thing (the MRC) needs to look at: a long-range plan."

The board asked the MRC and Harbormaster to meet with them again in six months to review these goals again.

At 7:45 pm the board met with Police Chief Lincoln Miller who first informed them that he is returning \$28,000 to the town from the Police Department budget and over \$1,200 from the Animal Control budget from the previous fiscal year. Chief Miller also wanted to make the board aware of a video that the Marion Police Department will now be providing to all the town's licensed liquor establishments titled "Stop Underage Drinking." The video has been produced by the Liquor Liability Joint Underwriting Association of Massachusetts and the Massachusetts Chiefs of Police Association.

"(The video) is designed for everyone serving alcohol in town," Chief Miller said. "The video will be provided, free-of-charge, to all those establishments along with a letter asking them to sign off (having received) the tape. The focus of the video is to educate those responsible for serving alcohol and protecting them and their employers from liability."

"I really applaud (this effort)," Chairman Jeffrey said. "I think it's a win-win for everyone."

Selectmen was called to order on Monday, August 18 at 7:00 pm by Chairman Naida Parker. Also present were Selectman Gary Laboa, Town Administrator James Huntoon, and Administrative Assistant Veronica Lafreniere. Selectman Richard Nunes was not present for the meeting.

The board first agreed to hold approval of the minutes from the July 28 and August 11 meetings until the full board was present. They next voted to reappoint Susan Adams, Claude Miquelle and Chris Byron to the Rochester Historic District Committee each for a two-year term, and then announced that the Massachusetts Department of Agricultural Resources (MDAR) is considering the acquisition of approximately 72 acres of land within Rochester for inclusion in the Agricultural Preservation Restriction (APR) Program. The property in question is privately owned, and although the board isn't required to take any formal action in the matter, they are obliged to make the MDAR's intention publicly known.

The board met with Robert Cummings and Fred Underhill of the Rochester Water Committee at 7:05 pm to discuss Rochester's participation in the Regional Water District which is being formed by Mattapoisett, Marion and Fairhaven. Mr. Cummings said he was aware of the Regional Water Committee and although Rochester doesn't have a water system yet in place, he felt the town should be involved.

"One of the things they've got is the Water Management Act ... they regulate how much water you can draw from a river basin," Mr. Cummings said. "The other advantage to being part of this district is ... if we get some infrastructure, we could be bonded by the regional (water district). We can attend meetings until we become official voting members."

"Initially, when the three towns got together ... we thought Rochester should be involved," Mr. Huntoon

"We need to get an article on the Special Town Meeting (warrant) to ask for up to \$25,000 (to participate)," Mr. Cummings said. "Marion and Mattapoisett each appropriated \$50,000 and Fairhaven voted \$35,000."

Mr. Cummings said he would send the proposed wording of the article to Ms. Lafreniere for inclusion on the upcoming Special Town Meeting warrant.

Under the Town Administrator's report, Mr. Huntoon noted receipt of a memo from Police Chief Paul Magee regarding a former Rochester Police Officer who recently attended the funeral of a colleague dressed in full

INSULATED TO THE HILT?

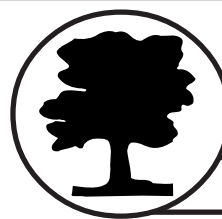

Does your heating bill rival your mortgage bill even though your home is "Insulated to the hilt?" You may be laboring under a disillusionment. Insulating "To the hilt" may not mean it is well insulated.

Energy experts describe most insulated attics, for instance, as "swiss cheese." People add more insulation and thicken the cheese, but holes usually remain. Where? Around lighting fixtures, chimneys, furnace stacks and spaces where pipes or wires come in. Another common error is looking only at doors and windows to reduce

home air leakage. They account for only 17% of leaks. Other places to look at are: Electric outlets, 20%; the gap where walls join the foundation, 25%; and areas around ductwork, 15%.

A good insulation tester is a piece of tissue paper suspended from a wire coat hanger. Walk around your home with this tester and check for all the OTHER drafts. Caulk and insulate them. Then, you'll be closer to being "Insulated to the hilt."

Rochester Police uniform. Chief Magee sent the former officer a letter advising that he should not be wearing the uniform as he is no longer employed by the Town of Rochester.

Mr. Huntoon also noted a letter received from Fire Chief Scott Ashworth, Police Chief Paul Magee, Highway Surveyor Jeff Eldridge, and Civil Defense Director Paul Ciaburri advising that they have agreed to support continuing the town's Communications Department in its present form, as a civilian-run organization. "At this time, placing control of dispatch with one individual department head would most likely result in a strong bias to that individual's department," the letter stated. "This would come at a time when departments are trying to work more closely together. It is clear that leaving control of dispatch under the Board of Selectmen is the best choice."

As such, Mr. Huntoon said the position of Chief Dispatcher, which will be vacant in November when Kathy O'Brien takes maternity leave, should be first posted internally and then advertised. Once candidates have been selected for interview, the various department heads will also be asked to participate in the selection process.

Selectman Laboa questioned the process of posting the job internally first. Mr. Huntoon explained that was how the town's Personnel By-Laws were written.

"My overall thought is I like promoting from within," Selectman Laboa said. "It just seems better for the town to have the inside candidates compete with

other qualified candidates. I'm not sure it puts us in a good position if we only get one (internal) applicant for the job."

"The by-law is very specific on in-house posting," Mr. Huntoon said.

With that, the board voted to post the position of Chief Dispatch in-house, and then advertise it thereafter. They also asked to meet again with sitting Chief Dispatcher Kathy O'Brien to determine whether she will remain with the department after her maternity leave and in what capacity.

In other matters, the board:

- Voted to hold a Special Town Meeting on October 6, with a subsequent Special Election on October 8. Polls will be open from 8:00 am to 8:00 pm at the Rochester Senior Center. The deadline for submitting articles for consideration will be Friday, September 5.

They also voted to approve the wording of the ballot question as follows: "Shall the Town of Rochester be allowed to exempt from the provisions of Proposition 2-1/2 the amounts required to pay the principal and interest on a \$950,000 bond to be issued by the town contingent upon receiving state grant monies of \$1,724,914 and to allow the Selectmen to receive and expend any state or federal grant monies to be used in order to defray the construction cost related to the addition and renovation of the Joseph H. - Noted there would be a meeting with SEMASS

"I don't want to go around crying 'the sky is falling' for no reason," Selectman Laboa said of last week's discussion. "I think that we ought to do everything we can do to bolster our relations with SEMASS. Not only 'what can you do for us?' but 'what do you need from us?'"

K. Pierce inviting and encouraging Rochester's participation in the newly-formed Regional Water District with Mattapoisett, Marion and Fairhaven. Their meetings are held on the second and fourth Tuesdays in the Fairhaven Department of Public Works building at 4:30 pm.

- Received a copy of a letter from Susan E. Norton, Building Committee Secretary for Rochester Memorial School, to Highway Surveyor Jeff Eldridge thanking him for his offer to assist with land clearing and tree removal, excavation, laying gravel, and providing and asphalt topcoat for the proposed access road at the school.

- Received a memo from Building Commissioner Bob Francis regarding proposed street names for Rochester Estates off New Bedford Road. According to Mr. Francis, the proposed names are "Village Drive" and "West Village Drive." Chairman Parker noted that in keeping with the town's past practice, only private ways which are not intended to become public ways may use the designation "drive."

There being no further matters to come before the board, they unanimously voted to adjourn for the evening at 7:49 pm.

Animal Advice

Jay Gould, DVM

FLEA ALLERGIES

My dog itches almost constantly in the summer and fall and loses hair over his back near his tail. A friend said it could be caused by fleas, but I rarely find more than one flea at a time. any thoughts?

Your friend may be right. Many dogs and cats are allergic to flea saliva. All of the changes in your dog's skin can be caused by 1 flea bite a week. Cats with flea allergy dermatitis tend to get small scabs all over their body. Treatment involves strict flea control in your home as well as on your pet. Talk to your veterinarian about Advantage and Frontline.

Letters to the Editor

To the Editor:

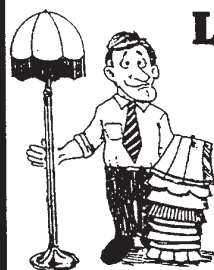

Library Day on Tuesday, July 15 during the week of Mattapoisett Harbor Days was an unqualified success. A total of \$10,456 was raised for the Mattapoisett Free Public Library and its building expansion.

Over 30 artists donated paintings as many of them fanned out all over town to paint wonderful settings and bring them back for display and an auction that night. One hundred and twenty-five children created tiles to be exhibited in the new library. Mattapoisett's restaurants willingly contributed food and presented specialties in our first 'taste of the town' event. Even a quartet was playing wonderful music from the gazebo. It was an amazing turnout of an estimated 750 people in support of their local library ... on a Tuesday!

BLAKE WILSON

Everyone has been thanked privately for their efforts and their generosity in making this first Library Day such an accomplishment. Publicly, I wish to thank the following:

- The (Mattapoisett) Lions Club for all their support.
- Sponsors Dunkin Donuts and the Village Potter for the tile program.
- Rogers Gallery/Surroundings for sponsoring the art event.
- Mattapoisett's restaurants that provided and served delicious specialties.
- The talented artists from Mattapoisett and surrounding towns.
- The musicians under the leadership of David Gries.

The unsung heroes were the members of the sub-committee and their 85 volunteers who labored long hours through many meetings to make this day possible. And, most of all, cheers and thanks go out to all of Mattapoisett's citizens, both winter and summer folks, who continue the tradition of helping their library provide improved service to the community.

Sincerely,
Robert H. Atkinson, Chairman
Capital Campaign Committee
Mattapoisett Free Public Library

Mattapoissett Marathon Golfer

Mattapoissett resident John Rawlings of The Kittansett Club was among 37 players in the Francis Ouimet Scholarship Fund Golf Marathon XI played on August 6 at Stow Acres Country Club. Rawlings played 205 holes putting him among the top five players of the day. This event has been the largest golf marathon in the country for the past ten years and this year the event raised \$175,000 for the fund. Since the Ouimet Fund's founding in 1949, it has awarded over \$12.6 million in need-based undergraduate college tuition assistance to young people in Massachusetts who have given two years of service to golf as caddies or as helpers in pro shops or course superintendent operations.

Rochester Robbers Arrested

On August 6, 2003, the Rochester Police Department in conjunction with the Southern Plymouth County Task Force, obtained a search warrant for a home on Chase Road in East Freetown. The warrant was obtained as the result of an investigation into a break-in at Rochester Environmental Park on Route 28 in Rochester on July 8.

The suspects entered and ransacked an office on the property in the early morning hours making off with an air conditioning unit. Acting on information obtained from the task force, police searched a Chase Road home and recovered the air conditioning unit.

The Rochester Police Department has filed charges of breaking and entering and entering in the night time with intent to commit a felony, larceny, and malicious destruction of property against Garrett W. Gross, 37,

Mattapoisett Historical Museum

There is only one week remaining for you to view the collection now on display at the Mattapoisett Museum and Carriage House, including some real "treasures." August 30 is the closing date for this summer's season. Many of the people who visited the museum over Harbor Days weekend remarked about what a fine collection the museum has and what a great museum it is.

So, if you have yet to visit 5 Church Street, there is still time! For those who do visit during these final two weeks, they have a special prize. The museum is open Tuesday through Saturday, 1:00 to 4:00 pm.

Rochester Blood Drive

A Rochester Community Blood Drive, sponsored by the Rochester Boy Scout Troop 31, will be held on Thursday, August 21 from 2:00 to 7:00 pm at the Rochester Senior Center on Dexter Lane. For an appointment to donate, please call 508-789-4771. According to the American Red Cross, the need for blood is unending, yet only about five percent of the population donates blood; one single donation may help at least two, and possibly three or more patients in need; a heart or liver transplant recipient may require more than 50 units of blood; to maintain an optimal blood supply in the New England region, 1200 to 1500 donations must be received daily; and blood is a medicine that cannot be manufactured — it only comes from healthy people who generously donate.

The purpose of Project GROW is twofold:

- To provide a preschool experience to children whose families have been unable to enroll them in another program and who desire a preschool experience; and
- To provide children with special needs the opportunity to receive service in the least restrictive environment.

Enrollment is open to Mattapoisett residents born between September 1, 1998 and August 31, 2000. Preference will be given to children who may be considered at risk for educational failure, children who have had no preschool experience, and children of families with income below the state median. Mattapoisett Picture Postcards

The Mattapoisett Historical Society is pleased to announce that a new publication, *Picture Postcard Memories of Mattapoisett*, will be published this fall, in time for holiday giving. This collection of 224 postcards, depicting Mattapoisett's history from the late 1890s to 1938, will be a four-color, 8.5 x 11-inch publication in both softcover and hardcover editions. The price of the softcover edition is \$28, and the hardcover edition is \$50. There is a special pre-publication price of \$25 now being offered for the softcover edition. To obtain an advanced sale reservation form, please call the Mattapoisett Historical Museum at 508-758-2844.

The team of Natalie Hemingway, Brad Hathaway, and Dan MacKinnon have spent several months assembling the collection, sorting, writing captions, and preparing the manuscript for publication. Chapter 13 of the book includes a group of postcards that were written at the time of the 1938 Hurricane, survived the storm, and bear evidence of that storm. This is a real collector's item and belongs in every home in town.

MOVIE REVIEW

Scream Team

By Rob Gonsalves
<http://robsreviews.cjb.net>

Freddy Vs. Jason. Starring Robert Englund and Ken Kirzinger. Directed by Ronny Yu. Running time: 98 minutes. MPAA rating: R.

Freddy Vs. Jason is the ultimate high-concept millennial junk, but that's what's good about it. This long-awaited showdown between two '80s slasher-movie icons — Jason Voorhees, of the *Friday the 13th* series, and Freddy Krueger, of the *Nightmare on Elm Street* saga (it never occurred to me before, but the killers both have Eurotrash names) — is just about perfect for what it is. Generally bad acting: check. Imaginative killings: check. Gratuitous nudity: check. Bad dialogue and nonsensical plot: check and check. If you grew up loving the guilty-pleasure horror movies of the '80s, *Freddy Vs. Jason* will feel like home to you. I have a massive soft spot for such movies, and to fans like me, this is like *Ali vs. Foreman*.

In Freddy's old stomping grounds, the township has banded together to make sure everyone forgets his reign of dream-terror; fear gives him power, and years of neglect have weakened him. Freddy hits upon the idea of bringing Jason back from the dead so he can control the hulking hockey-masked psycho and send him to Elm Street. Once Jason gets there, he warms up by dropping in on a post-coital idiot and literally folding him in half. The survivors of Jason's first attack — including Monica Keena, Kelly Rowland of *Destiny's Child*, and Katharine Isabelle (of the excellent Canadian werewolf film *Ginger Snaps*) — figure out pretty quickly that they're in a *Freddy Vs. Jason* movie, especially when Freddy begins gaining strength and dominating their dreams.

As a horror fan, I have misgivings about Kane Hodder (who wore the hockey mask in the last few *Friday the 13th* films, including *Jason X*) being bumped aside here in favor of Ken Kirzinger; in truth, though, Jason requires little aside from heavy-footed stalking and machete-wielding. Nobody else, however, could or should play Freddy except Robert Englund, and he weighs in with his usual gleefully sadistic leering; Englund takes such pleasure in Freddy's antics that he makes the razor-fingered killer almost lovable (he wasn't always, though; look at the original *Nightmare* again and you may be surprised at how straight —

and ugly — Englund plays it).

The kids, with the exception of the always-welcome Katharine Isabelle (who brings something fresh and ironic to her tomboyish, chain-smoking character), are more or less psycho fodder. The writers could've had more fun with the formula, which demands that the virginal girl prevail; Monica Keena's Lori is as dull as most of the other heroic virgins in these films. Compare her with the strapping Heather Langenkamp or Adrienne King (from the original *Nightmare* and *Friday*, respectively); are young actors not getting enough protein these days? Isabelle is the only performer who shows a future beyond horror, as Johnny Depp and Kevin Bacon showed in *their* roles in the first *Nightmare* and *Friday*. Then again, the movie is called *Freddy Vs. Jason*, not *Scared Kids Trying Not to Go to Sleep*.

The whole movie is just preparation for the main event, in which Freddy and Jason square off, first in Jason's dreamworld (where Freddy has the upper hand), then in the real world of Camp Crystal Lake (where Freddy is physically weaker). Director Ronny Yu, whose previous films include the inventive *Bride of Chucky* and *The Bride with White Hair*, gives the fans what they paid to see and then some; the horror icons fling each other around, hack and slash without restraint, lop off limbs that regenerate as in a video game. Watching this stuff, I was about as completely satisfied as I've been at the movies all summer. The movie will win no awards and impress few critics who didn't grow up in the '70s and '80s, and some of the expository material is flat-footed and awful, but this is *Freddy Vs. Jason*, man. It's a cleverly wrapped gift to me and every horror fan like me, and I feel nothing but affection for it.

TRI-TOWN SCOREBOARD

Marion All-Stars Make Good

The Marion 12-year-old Baseball All-Star Team recently completed its schedule of tournaments with unprecedented success. Marion participated in three tournaments and finished in first, second and third place, compiling a 12-4 record along the way. At first glance, this may not seem to be much of a feat. However, consider the fact that Marion only had a total of 24 boys playing "major league" youth

baseball. Of those 24, 12 were selected for an All-Star Team to compete against other, much larger programs. The team was managed by **Dale Snow** and coaches were **Randy Snow**, **Chris Nye** and **Jeff Barrett**. All the coaches agree that this collection of ball players was indeed a special group.

The first tournament was held in Rehoboth, MA. The field consisted of 12 teams ranging from Sandwich to Cumberland, RI. Marion came out swinging and swept its division with a 3-0 record including victories over East Bridgewater, Sandwich and Falmouth. A semi-final victory over host team Rehoboth and a tough 2-0 loss to Raynham in the finals rounded out the event. Trophies were awarded to all players for a second-place finish.

The boys then entered the Dighton tournament and after victories against Lakeville and host team Dighton, they quickly found themselves in the semi-finals. In those semis, Marion faced Dighton in a rematch and needed a bottom-of-the-sixth-inning comeback victory to set up and unforgettable night. The final game of this tournament was an evening game held under the lights against undefeated Freetown. The 3-0 victory was highlighted by spectacular pitching and catching, a game-winning home run, and error-free baseball. Wild enthusiasm was provided by the "fans," mostly very proud parents and relatives who witnessed a thrilling baseball game. It was clear the parents had just as much fun as the kids on this special night, a night these players will always remember.

The final tournament was held in neighboring Rochester. Unfortunately, the day after the big wins in Dighton, the team was scheduled to face a tough Swansea team. The team showed signs of weariness and lost 2-1 to the eventual tournament winner. However, true to form, they did not give in during this double loss elimination tournament, and proceeded to go on a four-game winning streak, including three victories in one day. Marion defeated two Rehoboth teams, Yarmouth and SIBL, and again landed in semi-final territory. Marion played its fifth game in two days against host team Rochester, but fell short, 2-1, rendering a third place finish.

The team was anchored by tremendous pitching from **Chad Snow** and his nasty curve ball, hard throwing 11-year-old **Mike Ronco** (who mixed in a mean knuckle ball), and **Chris Nye** who used a variety of pitches to keep the batters fooled. The three shared the bulk of the pitching duties, though valuable innings were also pitched by **J.P. Arcuri**, **Richard Dix**, and **Andrew Barrett**. The infield saw **John Santos** at third, **Andrew Barrett** at shortstop, and **Alex Caplan** at second. Outfielders included **J.P. Arcuri**, **T.J. Dyer**, **Tom Morss**, **Sam Heavey**, **Henry Blanchette** and **Richard Dix** (only 10 years old). Nye and Ronco shared first-base duties while Snow and Barrett did the catching.

Congratulations to the players on their success! The coaches emphasized teamwork, and this approach really worked for the 2003 Marion All-Stars.

arenas, not including the surface, cost over \$30,000. The committee procured the \$3,000 from the Chuck Michaud Hockey Scholarship Fund. They plan to name the arena after Chuck (a very popular and successful ORR ice hockey coach who passed away a few years ago). Local sports enthusiasts Ken Letendre, Bill Mee, Tim Mathews, Rick Cole, Tom Brownell, Chris Jaskolka, Chris McDoogie, and ORR High School hockey players offered their time and/or equipment to help move the arena and store the rink at Brownell's Boatyard in Mattapoisett.

The group is now working with the School Superintendent and administrators at ORR to prepare the surface for the arena, which will probably be located behind ORR Junior High. They need to raise about \$30,000 for the ground preparation and concrete. Upon completion, rental stipends from leagues, youth organizations and birthday parties, among other events, should cover maintenance and upkeep. The arena could be used for roller hockey, arena soccer, arena field hockey, basketball, tennis, lacrosse, and multiple games and sports for the junior high and high school physical education classes. There are no plans to flood and freeze this arena. Roller hockey leagues will no doubt be organized. Arenas like this can be found in Southeastern Massachusetts at Sandwich, Scituate, Rockland, Mansfield, and Plymouth. Athletic directors and recreation directors from these towns have all stated that these arenas are popular and especially helpful for the ice hockey and soccer programs.

SALOME'S STARS

ARIES (March 21 to April 19) Impatience with those who don't keep up with you can cause resistance, which, in turn, can lead to more delays. Best to be helpful and supportive if you want results.

TAURUS (April 20 to May 20) A surprise announcement from a colleague could put you on the defensive. Gather your facts and respond. You'll soon find the situation shifting in your favor.

GEMINI (May 21 to June 20) Time spent away from a project pays off with a new awareness of options you hadn't considered before. Weigh them carefully before deciding which to choose.

CANCER (June 21 to July 22) Consider confronting that personal conflict while there's still time to work things out. A delay can cause more problems. A longtime colleague might offer to mediate.

LEO (July 23 to August 22) Some emerging matters could impede the Lion's progress in completing an important project. Best advice: Deal with them now, before they can create costly delays.

VIRGO (August 23 to September 22) Your aspect continues to favor an expanding vista. This could be a good time to make a career move, and taking an out-of-town job could be a good way to do it.

LIBRA (September 23 to October 22) Disruptive family disputes need to be settled so that everyone can move on. Avoid assuming this burden alone, though. Ask for — no, demand — help with this problem.

SCORPIO (October 23 to November 21) Patience is called for as you await word on an important workplace situation. A personal circumstance, however, could benefit by your taking immediate action.

SAGITTARIUS (November 22 to December 21) Don't lose confidence in yourself. Those doubters are likely to back off if you demand they show solid proof why they think your ideas won't work.

CAPRICORN (December 22 to January 19) A temporary setback might cause the usually sure-footed Goat some unsettling moments. But keep going. The path ahead gets easier as you move forward.

AQUARIUS (January 20 to February 18) There's welcome news from the workplace. There could also be good news involving a relationship that has long held a special meaning for you.

PISCES (February 19 to March 20) You might still need to cut some lingering ties to a situation that no longer has the appeal it once held. In the meantime, you can start to explore other opportunities.

BORN THIS WEEK: Your sense of what's right can inspire others if you remember not to push too hard to make your case. Moderation works best for you.

Marion Beach Bash

The time is fast-approaching for the annual Sippican Lands Trust Open Space Beach Bash on August 21 at Silvershell Beach. The yearly party to benefit the Lands Trust efforts to preserve open space in Marion has a new Caribbean theme, with an island menu of steamers and mussels, fish chowder, jerk pork, and grilled mahi mahi, garden salad, freshly baked rolls, and steamed new potatoes. The children's barbecue includes hamburgers, cheeseburgers, hot dogs, chips and watermelon.

Music by El Caribe Steel Band will mark the early evening, followed by dancing to the reggae/ska band the X-ToNes. The annual event is a family affair to celebrate and learn about Sippican Lands Trust projects and accomplishments. This year will include a book signing by Marion's Peter Stone who has recently published a beautiful new book Sanctuaries. A raffle table will be another feature of the event.

Notices were mailed to all Marion residents last week with ticket order forms, and tickets are also avail-

This year the museum is presenting two exhibits: the main exhibit called "The Magic of Marion: Summer People of the Guilded Age," and a collaboration with Tabor Academy called "Elizabeth Taber Women, 1877-1957."

The main exhibit includes Joe Jefferson, Mr. and Ms. Richard Watson Gilder, Charles Dana Gibson, President and Ms. Grover Cleveland, and the Sippican Hotel and Casino. View a painting done by Jefferson, read the poems Gilder wrote about Marion and see the Sippican Hotel in its glory. The Elizabeth Taber Women exhibit explores the role women played in "The School and the Sea." View the many artifacts on display.

Anyone wishing to be a docent should stop by the museum any morning they're open and sign up for a few hours of time well spent.
